Teen Facial A great way to introduce your teen to proper skin care. This facial includes deep pore cleansing, exfoliation, gentle extraction, calming mask and skin protectant. Consulting on dietary needs, product suggestions and lifestyle modifications included. (*18 & under, please*) \$60

MICRODERMABRASION

As an alternative method of skin exfoliation, microdermabrasion is a quick, non-chemical, non-invasive & efficient treatment used to remove dead cells from the outer most layers of your skin.

An equal favorite amongst the men and women, this is an intensive, rejuvenating facial designed to help combat the signs of aging. In medical studies a series of treatments has been shown to lessen the appearance of fine lines & wrinkles, stimulate collagen production and minimize the appearance of moderate scarring & hyperpigmentation. Immediately following treatment, your face will have a healthy, radiant complexion that is silky smooth to the touch!
